Theme 1 Performance Task Assessment

Your performance task will be evaluated according to the scoring rubric provided below.

Criteria	Above Average (4)	Sufficient (3)	Developing (2)	Needs Improvement (1)
Research and Data Collection	Data from various food items are collected comprehensively, and data sources are clearly indicated.	Accurate and sufficient data collected, but sources are not cited.	Data is incomplete; food items are not sufficiently evaluated.	Data is incorrect or insufficient; food items are not adequately analyzed.
Nutri-Score Calculation and Categorization	All food items are accurately categorized with correct Nutri-Score calculation.	Most food items are correctly categorized; minor calculation errors are present.	There are major calculation errors or missing categorization.	Calculations are incorrect or categorization is missing.
Mathematical Representation (Algebraic, Number Line, Set Notation)	All mathematical representations are accurate, and each is clearly explained.	Most representations are accurate; minor errors may exist.	Representations are incomplete or partially incorrect.	Mathematical representations are missing or incorrect.
Answering Sample Questions	All answers are accurate, well-structured, and clearly explained.	Most answers are correct and supported, but some explanations are missing.	Answers contain errors or missing information.	Answers are incorrect or incomplete.
Poster Design and Presentation	Poster is organized, visually appealing, and includes all information in a clear, engaging way.	Poster is organized and includes most required content; visually sufficient.	Poster is understandable but lacks visual appeal or important information.	Poster is missing required content or is unclear.
Timely Submission	Task is submitted fully and on time.	Small delays or minor missing elements.	Task is submitted late with some parts missing or incomplete.	Task is not submitted or submitted very late with no valid excuse.
