

### Theme 4 Performance Task-2 Assessment

Your performance task will be evaluated according to the scoring rubric provided below.

Criteria	Above Average (4)	Sufficient (3)	Developing (2)	Needs Improvement (1)
<b>Mathematical Understanding</b>	Clearly explains properties of similarity and congruence with correct real-life examples and accurate problem-solving.	Explains concepts with minor errors; problem-solving mostly accurate.	Limited or partially correct explanation; problem-solving incomplete.	Incomplete or incorrect explanation; problem-solving missing or wrong.
<b>Application to Real-World Context</b>	Real-world application is creative, realistic, and strongly connected to the concepts; detailed explanation provided.	Application is relevant and shows understanding; some details missing.	Application is simplistic or partially relevant; limited explanation.	Application is unclear, unrealistic, or missing.
<b>Visual Representation (Model/Poster/Diagram)</b>	Visuals are neat, accurate, labeled, and effectively support the explanation; all required elements present.	Visuals are mostly accurate and clear; minor details missing.	Visuals present but unclear or incomplete.	Visuals missing, inaccurate, or irrelevant.
<b>Communication and Organization</b>	Report/poster is very clear, well-organized, and free of grammatical errors; ideas logically presented.	Mostly clear and organized; minor grammar or clarity issues.	Organization inconsistent; several clarity or grammar problems.	Disorganized and unclear; difficult to follow; many errors.
